

WIRE STRIPPING MACHINE

PME-230

Wire stripping machine,
one blade set for all sizes

1,000,000 strips per blade

Strips flat or round wire of any size with a front-clip, back-strip motion. One set of blades covers every wire size and lasts up to 1,000,000 strips.

1,000,000 strips

BLADE LIFE

KEY FEATURES

- Flat or round wire, any size
Strips wire of any size, flat or round.
- One blade set for all sizes
A single set of stripping tooling and blades covers every wire size, saving cost.
- Alloy body and cylinder
Special alloy body and cylinder give steady, hard-wearing performance.
- Clip-and-strip action
Improves on conventional computer-wire strippers: a front clip holds, a back movement strips.
- Long blade life
One blade set lasts for up to 1,000,000 strips.
- Quiet and portable
Low working noise and easy to carry.
